

# Waiting for God

## Psalm 27:14

### Psalm 27:14 (NASB)

<sup>14</sup> **“Wait for the LORD; Be strong and let your heart take courage; Yes, wait for the LORD.”**

Our culture is an “**instant**” society. Because of inventions like the computer and the microwave, we’re used to quick results. A fast pace isn’t necessarily bad, but we should guard against becoming so set on immediate fulfillment that we can’t wait for God’s timing.

This problem existed long before the computer age. In [Genesis 15:4-5](#), God revealed to Abraham that though he and his wife Sarah were too old to have children, a great nation would come from him.

### Genesis 15:4-5 (NASB)

<sup>4</sup> **“Then behold, the word of the LORD came to him, saying, ‘This man will not be your heir; but one who will come forth from your own body, he shall be your heir.’**

<sup>5</sup> **And He took him outside and said, ‘Now look toward the heavens, and count the stars, if you are able to count them.’ And He said to him, ‘So shall your descendants be.’”**

Abraham believed God but eventually decided to handle matters on his own. He took Sarah’s servant Hagar as his wife so that she could bear the promised son. (See [Genesis 16](#).)

Abraham probably rationalized his decision, figuring that God wanted him to have a son—and since it seemed impossible any other way, surely this must be what the Lord wanted him to do! But it wasn’t. Abraham had to deal with the consequences of his actions, including jealousy and resentment between Sarah and Hagar. These problems in turn created further difficulties, both in the short term and throughout history.

God was faithful, though—14 years later, Sarah gave birth to Isaac. Yet the consequences of Abraham’s decision to step out of God’s plan remain with us. The two boys became the fathers of nations that are still in conflict.

Like Abraham, we might believe God’s promises but prefer immediate results. Or we may just want things to be done our way. Instead, ask the Father to lead you. Then wait for Him. His way may not be what you think you want, but it is always best.
